Right to Work: academic year 2026/27

Date: 05/10/2026
Our Ref: 760075852

To whom it may concern,

Re: JUBAIR IBN OMAR HAMZA
DOB: 06/12/1988
Nationality: Bangladeshi

This is to confirm that the above named is registered as a full-time student at the University of Exeter studying MSc Renewable Energy Engineering. Jubair has been registered since 21/Sep/2026.

This letter explains the work conditions on a Student visa for those studying September start Masters programme at the University of Exeter.

Limited to 20 hours per week

Masters students are limited to 20 hours per week during term time. A week is considered in this context to run from Monday to Sunday.

2026/7 academic year:

Autumn term: Monday 21 September - Friday 11 December
Spring term: Monday 4 January - Friday 26 March
Summer term: Monday 26 April - Friday 11 June

Masters students are expected to be working on their final assessments/dissertations/projects during the summer. For this reason, students are also limited to 20 hours per week from 12 June until the expected end date of 20/Sep/2027.

Not limited to 20 hours per week

Students are able to work full-time during Christmas & Easter vacation periods.

Vacation periods in 2026/7 academic year:

Saturday 12 December – Sunday 3 January
Saturday 27 March – Sunday 25 April

- Students are able to work more than 20 hours per week **before** their studies.
- Students are able to work more than 20 hours per week **after** their expected end date (see separate Student Status Certificate letter for dates). If the Student Status Certificate ("To whom it may concern") letter is **issued after** the expected completion date, the letter confirms that the student is no longer in term-time.
- Students must not fill a permanent full-time vacancy while on a Student visa.
- Placements: if a programme contains an official placement, students are able to work full time during their placement dates.

Other restrictions

Students must not be self-employed while on a Student visa.
