NORTH SOUTH UNIVERSITY

Plot # 15, Block # B, Bashundhara, Dhaka 1229, Bangladesh

Center of Excellence in Higher Education

Department of Electrical and Computer Engineering

To Whom It May Concern

Student Name: Jubair Ibn Omar Hamza
Student ID: 191 1226 043

I am pleased to write this letter of recommendation for Mr. Jubair, who has applied for postgraduate study in your esteemed university.

I have known Jubair since 2022 as his lecturer in the Department of Electrical and Computer Engineering at North South University. Throughout his undergraduate studies, he consistently demonstrated outstanding academic performance, graduating Summa Cum Laude.

Jubair particularly excelled in my courses on Senior Design Project I (EEE499A) and Senior Design Project II (EEE499B). In his final year project, he designed and implemented a microcontroller-based system using Arduino that integrated hardware and software effectively. He showcased strong skills in circuit design, embedded C++ programming, sensor integration, and system optimization. His proficiency with simulation tools such as Proteus, Multisim, and AutoCAD, combined with his solid understanding of microcontroller architecture, enabled him to develop innovative and efficient solutions even under tight deadlines.

Beyond technical competence, Jubair stands out for his exceptional work ethic, intellectual curiosity, and problem-solving ability. He is a quick learner who consistently performed well in both theoretical and practical components of his coursework.

I am confident that Jubair possesses the technical foundation, dedication, and intellectual maturity required to excel in your MSc program. I give him my highest recommendation without hesitation and would be happy to provide any additional information if needed.

Yours sincerely,

12.05.2026

Md. Abu Obaidah
Lecturer
Department of Electrical & Computer Engineering
North South University

Mr. Abu Obaidah
Senior Lecturer,
Department of Electrical and Computer Engineering
